

RSR Staff Tryout Weekends

Instead of a traditional employment interview, if you are a prospective staff member you will be invited to an upcoming “Tryout” so we can better evaluate your skills as a potential staff member and so you can become more familiar with the job of a staff member. We hope you will use this opportunity to evaluate your personal commitment to serving on the 2020 summer staff at Rodney Scout Reservation. Your attendance does **not** **guarantee** employment.

After you apply, you will receive an email inviting you to one of our tryout weekends. You will only need to attend one.

During the weekend you will have an opportunity to meet several returning staff and alumni as well as many of your fellow staff candidates. You will learn about the Rodney Staff culture, you will conduct a service project as a team, you will plan and conduct a campfire, you will have an opportunity to teach a skill or topic (please come prepared to teach for about 5-7 minutes and bring all materials you will need to teach that skill), you will get a chance to ask the current staff members questions you may have about the summer staff experience, and much more. Please come prepared to show us the very best that you have to offer as Rodney Staff member. Please also know that this will be a very busy 24 hours.

Please also note that your caretakers are invited to a question and answer session with me at 9:00 AM Sunday. This meeting will take place in Lenape Hall and will complete your session with us. It is mandatory that one (1) parent attend this meeting.
