40 programs offered, including:
Oceanography □ Electricity □ Journalism
Engineering • Sustainability • Inventing
Railroading □ Rank-Advancement □ Animation

Come join us for a fun educational summer program, where every Scout can attend up to five week-long Merit Badge courses or instructional rank requirement lessons over the course of the month. Don’t be limited to just one week of Scouting, let’s make the whole summer awesome!

Unique Opportunity:
- Scouts will not be tied down to a computer 6-8 hours a day. They can enroll in any 5 courses over the 4-week period.
- The first period of the day starts at 10a.m. EST and the last at 9p.m. EST. This will allow scouts nationwide to join in on the fun! (Not to mention, who won’t mind sleeping in?)
[When:]
Week 1: July 6th - 10th
Week 2: July 13th - 17th
Week 3: July 20th - 24th
Week 4: July 27th - 31st

[Registration:]
WWW.DMVC.ORG

[Cost:]
$150 per Scout which will include access to 5 courses, a patch, and a neckerchief. Participants will also be given access to exclusive content created by our staff from Akridge, Henson, and Rodney which will include Campfires, Worship Services, Bay Hikes, ATV Camp Tours, Staff Shooting Competitions and more!

*Please note: Reliable internet service and a device to access content and streaming apps will be required and not provided. Some program supplies will have to be acquired by the Scouts; others will be mailed out by us. More details will be provided in the Leader/Parent Guide.
